Job Details

GE Vernova is the world leader in wind turbine blade manufacturing. The only industrial complex dedicated to the wind energy market in Canada is experiencing rapid growth! Join our 75,000 employees in over 100 countries worldwide if you're ready to make a difference and usher in a new energy era. Come work with us in a unique region where quality of life, technology, and innovation are at the heart of everything we do. At GE Vernova, we have the energy to change the world.

Responsibilities:

Reporting to the supervisor, the general labourer's main tasks, depending on the assigned role, will include:

• Participating in the various direct and indirect production stages of the blade (molding, demolding, preparing, closing, shaping, cutting, sanding, repairing, painting);

• Assembling and/or anchoring components or structures according to their specifications;

• Using machinery, equipment, and hand tools;

• Ensure strict adherence to specific occupational health and safety standards, in accordance with the 5S principles for each function and the plant as a whole;

• Achieve manufacturing quality objectives;

• Participate in blade inspections according to the company's internal techniques, analyze inspection results, and prepare computer reports;

• Participate in the delivery of materials or equipment to various departments.

Required Skills:

• Manual dexterity;

• Attention to health and safety;

• Strong teamwork skills;

• Commitment to quality work;

• Dedication to work;

• High school diploma or equivalent;

• At least six (6) months of work experience in manufacturing or a similar field may be considered an asset.

Employment Conditions:

• 8.5-hour workday (42.5 hours/week)
• You must agree to undergo a pre-employment screening, including, but not limited to, reference and background checks.

• You must have the right to work in Canada without restriction or be eligible to do so in the very near future.

Benefits:

• Permanent, full-time position;

• The benefits is in the collective agreement;

• Day, evening, and night shifts;

Work location:

GE Vernova, 7 rue des Cerisiers, Gaspé, QC, G4X 2M1, Canada.
