Job Details

About Us

Orchia Cosmetics Ltd. is an innovative skincare manufacturer dedicated to creating premium, natural, and scientifically developed personal care products. Located in the heart of British Columbia’s Fraser Valley, we are proud to cultivate our own orchids in a state-of-the-art greenhouse, allowing us to control quality from plant growth to final product. Our unique approach combines advanced botanical research, careful orchid cultivation, and modern manufacturing techniques to produce pure, effective, and high-quality skincare ingredients.

As one of the few companies growing our own orchids for cosmetic production, Orchia Cosmetics is committed to excellence, sustainability, and innovation. Every stage of our process is carefully monitored to ensure consistency, safety, and product integrity. With a focus on natural beauty, cruelty-free practices, and environmentally conscious development, we strive to deliver exceptional skincare products that reflect the purity and elegance of nature.

We are now looking for 6 Greenhouse Labourers to join our team. Please send your resume to jobs.orchiacos@outlook.com.

To ensure smooth daily operations, we do not accept walk-in or phone-call application. Thank you for your understanding.

Position Details

Vacancy: 6

Term of employment: Full-time, permanent

Hourly wage: $18.25

Weekly hours: 40/week

Location of Work: Chilliwack, BC

Website: https://orchia.ca

Duties and Responsibilities

-Plant, transplant, and arrange orchid plants in greenhouse growing areas according to demonstrated procedures.

-Water orchids and other greenhouse plants using hoses, watering tools, or irrigation systems as directed by supervisors.

-Monitor orchid plants for visible signs of dryness, damage, pests, disease, or abnormal growth, and report concerns to the

supervisor through demonstration or pointing out the affected plants.
-Prune, trim, clean, and remove dead leaves, stems, flowers, and other unwanted plant material to maintain healthy plant growth.
-Assist with harvesting orchid flowers or plant materials used for natural orchid extract production
-Sort, select, and separate healthy orchid flowers or plant parts from damaged or unsuitable materials during harvesting and handling.
-Clean greenhouse work areas, benches, walkways, trays, tools, and plant containers to maintain a clean and safe growing environment.
-Move plants, trays, pots, soil, growing materials, and harvested orchid materials within the greenhouse and production areas as required.

Qualifications
-No education requirement
-No Language requirement
-Prior experience an asset
